

Limitless undying love, which Shines
around me like a million suns,
**IT CALLS ME ON AND ON
ACROSS THE UNIVERSE.**

Words are flowing out like
Endless rain into a paper cup
They slither wildly as they slip away across the universe.
Pools of sorrow waves of joy
Are drifting through my opened mind
Possessing and caressing me.

Jai Guru Deva. Om

Nothing's gonna change my world
Nothing's gonna change my world
Nothing's gonna change my world
Nothing's gonna change my world

Sounds of laughter, shades of life
Are ringing through my opened ears
Inciting and inviting me.

Limitless undying love, which
Shines around me like a million suns,
It calls me on and on across the universe.

"I made surprising sense."

***“Earth is just a cosmic bus stop
on the way to someplace else!”***

David Berry

***“And in the end, the love you take
is equal to the love you make.”***

The Beatles

David was given many gifts in life. Talent. Family. Friends. A devoted fiancée. A beautiful daughter.

We will never forget his humor, wit, depth, directness, or his wonderful, cackling laugh! David took his mortal leave of this world way too soon, and the world is darker for it. But he left his mark on us.

Everyone who knew David can imagine him zooming around the universe, (or Alpha Centauri as he called it), making people laugh, or making them think, while sharing his insight and stories.

David, we love you. We will always love you. Forever.
